Lerow & Blodgett's Patent Rotary Sewing Machine.

This mail from stitching, at the rate of one yard per minute, either for curved or straight work, and in making any sort of a garment. For Tailors it is indeed invaluable; and for Cap Makers, Carpet Bag, Grain, and Salt Bag, and Upholstery Manufacturers, it defies competition. Also, for Gloves and Fancy Sewing. One machine will perform the work of ten girls hand labor.

Six silver medals have been awarded this machine, in the Faire of Boston, New York, Philadelphia, Albany, Baltimore, and New Hampshire.

THE BENEFITS OF ADVERTISING. will of his Sarsaparilla business, including machinery and raw material on hand, for the large sum of \$100,000.—
This is an illustration of the advantages and benefits of advertising. The purchasers are Messrs. Nostrand & Bach, both wealthy and well known individuals. They have, we understand, employed the celebrated Chemist, Dr. James B. Chilton, who will hereafter have the compounding department under his own immediate supervision. They are men of enterprise, and will, no doubt, sustain the character of this celebrated medicine, which has the reputation of being the best preparation of Sarsaparilla made in the United States. The new proprietors, we understand, warrant their article to stand in all climates any length of time, which we have no doubt of, when manufactured by so practical a chemist as Professor Chilton, who is well known to be one of the first chemists in this country.

The public are hereby notified that the preparation extensively known as Dr. S. P. Townsend's Compound Extract of Sarsaparilla, is now manufactured under my direction and supervision, from the ORIGINAL RECIPE obtained from Illia S. P. Townsend, and I certify that it is composed of ingreenests purely vegetable, and without Mercury—and also that the ingredients are judiciously compounded, so as to obtain from them their greatest medicinal effects.
